

## WHERE ARE THEY NOW?

### WHAT PAST TERRY-JARON MOTOROLA SCHOLARSHIP RECIPIENTS ARE SAYING

*"With the financial help of the Motorola-Terry Jaron Scholarship and the support of a wonderful family, I have begun to fulfill my dream of pursuing a higher education at the University of Notre Dame. My first year of studies proved enlightening, academically stimulating, and successful as I achieved a 3.83 cumulative grade-point average and Dean's List status in both of my first two semesters. Above all, the last year introduced me to incredible friends which I look forward to sharing the next three of my collegiate years close by. The Motorola-Terry Jaron Scholarship helped allow me to achieve a dream."*

- **Ryan Patton, 2007 Scholarship Recipient**

*"The Motorola-Terry Jaron scholarship is a prestigious award and one that I am very honored to have received. For the past two years I have been attending Drake University in Des Moines, IA and I am looking forward to graduating next spring with a degree in Finance and concentrations in Business Law and Insurance. Currently I have a 3.95 GPA and hope to graduate summa cum laude. While at Drake I have had the opportunity to do some pretty amazing things such as study abroad for 3 weeks in Uganda, sit on the Student Advisory Board for the Business School, serve on the executive council of Delta Sigma Pi Professional Business Fraternity as the Public Relations Chair, and intern with great companies like Firestone/Bridgestone Corporation and The Principal Financial Group. Of course, I have also found time to participate in the bi-annual Drake University Student Golf Tournaments. Thanks to the Motorola-Terry Jaron scholarship I have been able to explore many career opportunities and hope to continue my education by attending law school in the fall of 2009."*

- **Laura Pettingill, 2006 Scholarship Recipient**

*"Since winning the Terry Jaron scholarship, I have found success in both academics and golf. I completed my sophomore year at Emory and am enjoying my time there. I have consistently played in the traveling five on the Emory Golf Team which has allowed me to play golf across the nation. We recently hosted the NCAA division III golf championships in Braselton, GA at Chateau Elan. This summer I am taking the MCAT along with a Kaplan preparatory course. After finishing the MCAT in August, I will be studying abroad at St. Andrews University in Scotland. It is the perfect study abroad opportunity for a golf fanatic! I can't wait! Thank you for awarding me with the scholarship and best of luck to future recipients."*

- **John Ross, 2006 Scholarship Recipient**

*I will be a senior next year at DePauw University in Greencastle, Indiana as an Economics major, mathematics minor. I played on the DePauw golf team for two years, traveling to 4 tournaments my sophomore year. Last year I traveled to China in January to study and this past May I was in Cusco, Peru for vacation and service doing light construction in local public schools. This summer I am preparing to take the GRE exam with the hope of attending graduate school and obtaining a PHD in economics."*

*The Terry Jaron Scholarship helped me get started with my academic career. I really wanted to go to a small private school where I would have the opportunity to play golf and be close with my professors. The Scholarship helped give me the opportunity to do that. Also, it was great to receive this scholarship because both golf and academics are a large part of my life and the IJGA recognized the necessity of education and the great camaraderie of golf."*

- **Matthew Calby, 2005 Scholarship Recipient**
